

COMPOSITE CLEANER

**A CONCENTRATED ACID FREE CLEANER FOR USE
ON COMPOSITE DECKING, FENCING AND DOORS**

PRODUCT DESCRIPTION

Composite Cleaner is a fast acting high performance product to clean and brighten all exterior composite products. This concentrated, water based formula is an easy to use solution that will leave your composite decking, fencing and doors looking like new.

BENEFITS

- Water based
- Powerful and effective cleaning
- Non-acidic
- Non-caustic
- Fast acting and safe to use
- Biodegradable
- Concentrated

APPLICATION

Always test a small inconspicuous area before proceeding to ensure the finished result is satisfactory. Shake the container well before use.

Firstly, sweep off any excess dirt, moss and other debris before applying the Composite Cleaner.

Dilute by adding the following ratios of Composite Cleaner with clean water

Light soiling/general maintenance - 120ml per 1 litre of water

Heavy soiling/intense clean - 240ml per 1 litre of water

Apply liberally with either a low-pressure pump sprayer or watering can.

Allow to act for 10 minutes for light soiling and 30 minutes for heavy soiling.

Agitate with a brush and rinse down thoroughly with clean water.

COVERAGE

1 Litre = 60m² to 120m² (33.8flox = 646ft² to 1292ft²)

The figures indicated are approximate and should only be used as a general guideline.

STORAGE

Store in the original unopened container in a clean, dry area and ideally at 5°C - 25°C (41°F - 77°F).

CLEANING EQUIPMENT

Clean tools and equipment immediately after use with water.

RECOMMENDATIONS

Do not apply if rain is expected, when its frosty, or when the surface is <5°C and >25°C (<41°F and >77°F). Please be aware darker colours will have a considerably higher surface temperature in warmer weather conditions.

Do not mix with other products.

Care should be taken around plants, shrubs and ponds.
